12:40 – 14:00	Working Luncheon
14:00	Departure to Technical Site Visit – Eurasia Tunnel (*)
17:30 – 18:00	Back to Hotel

(*) The Eurasia Tunnel serves as a 'Fast', 'Economic', 'Safe', 'Comfortable' and 'Environment-friendly' transportation alternative for the Istanbul Bosphorus crossing. With the Eurasia Tunnel connecting the highly traveled, traffic-dense D100 Highway on the Asian side to Kennedy Street on the European side, distances have been shortened.

During the construction period of the project, 1,800 people and 60 sub-contractors were employed daily. While the construction work was underway, a business volume of USD 0.5 million was created per day.

Office Address: Selimiye Mahallesi, Dr. Eyüp Aksoy Cd. No:9, 34668 Üsküdar/İstanbul

Simultaneous translation in English and Turkish will be provided during the Seminar.
